Masdar and Emirates Water and Electricity Company (EWEC) have announced the launch of the world's first "round the clock" 24/7 clean energy gigascale project, integrating solar power and battery storage ...

Masdar invited us out to Abu Dhabi for the official groundbreaking for their new round-the-clock solar and battery energy production system.

Delivering up to 1 gigawatt (GW) of baseload power every day generated from renewable energy, it will be the largest combined solar and battery energy storage system (BESS) in the world.

A project combining solar generation and battery storage to provide 1GW of "round-the-clock" dispatchable power was unveiled at Abu Dhabi Sustainability Week (ADSW).

In the desert outside Abu Dhabi, construction crews are breaking ground on a project that sounds almost like science fiction: a solar power plant that never sleeps.

The winning bidder will hold up to 40 percent equity in the project company, with the remaining 60 percent indirectly owned by the Abu Dhabi government. The solar project will operate ...

Spanning four sites within Abu Dhabi, the land will feature three new solar PV plants located in Al Faya, Al Khazna, and Al Zarraf, and one new wind farm in Sila.

Abu Dhabi's energy mix is now more diverse than ever before as EWEC executes strategic plans that are transforming the power sector through utility-scale solar, wind, and nuclear ...

UAE utility Emirates Water and Electricity Company (EWEC) has secured land for three solar farms and one wind park across Abu Dhabi with a combined targeted capacity of more than 4.6 ...
