Who will build a solar PV plant in Cote d'Ivoire?

Abidjan, Cote d'Ivoire, August 7th, 2025 - IFC and the Government of Cote d'Ivoire today announced Infinity Power Holding as the winning bidder to design, finance, build, and operate two grid-connected solar PV plants in Cote d'Ivoire.

Will Cote d'Ivoire have a solar power plant?

The solar power plant is then expected to be the largest in West Africa. The further expansion of solar energy in Cote d'Ivoire will primarily be realised by private investors. The successful project in Boundiali demonstrates to them that large solar projects are technically and financially feasible in similar countries.

How will a new solar power plant benefit Cote d'Ivoire?

The clean electricity generated in this way can supply 35,000 households, benefiting around 150,000 people. The new plant will save 35,000 tonnes of greenhouse gas emissions every year - an important contribution to climate protection. The solar power plant is regarded as a model project for the expansion of solar energy in Cote d'Ivoire.

Where is the first solar power plant in Cote d'Ivoire?

In Boundiali in the north of Cote d'Ivoire, the country's first solar power plant has now been inaugurated by Ivorian Prime Minister Beugre Mamboury and German Parliamentary State Secretary Bärbel Kofler. The power plant has already been providing up to 37 megawatts of power since June 2023.

SunContainer Innovations - Discover how portable power stations are transforming work and leisure across Ivory Coast - from bustling Abidjan markets to remote cocoa farms.

Ivory Coast has opened tenders for 200 MW/66 MWh of solar-plus-storage, seeking proposals for two 100 MW solar parks each connected to 33 MWh of storage.

The plant will be equipped with the latest solar panel technologies to maximise its electricity production. Connected to a transmission line and a substation located near the site, the plant will supply ...

Cote d'Ivoire Mobile solar container outdoor power

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of 20+ ...

IFC and the Government of Cote d'Ivoire today announced Infinity Power Holding as the winning bidder to design, finance, build, and operate two grid-connected solar PV plants in Cote d'Ivoire ...

Currently under construction in northern Cote d'Ivoire, the project represents an investment exceeding US \$65.3M and is expected to be commissioned in 2027. The plant will ...

The 50MWp Kong Solaire project in the Tchologo region of Cote d'Ivoire has been officially launched. It will eventually meet the electricity needs of up to 240,000 people under a 25 ...

The Boundiali solar power plant, which has now been officially inaugurated, contributes to the avoidance of 35,000 tonnes of CO2 emissions and thus to global climate protection. The new ...

Cote d'Ivoire has entered a new phase in the deployment of renewable energy with the official launch of Ferkessol, a photovoltaic power plant developed by PFO Energies, a subsidiary of ...
