Does Argentina have a battery energy storage system?

Argentina has taken a major step toward modernizing its energy infrastructure with the launch of a 500 MW battery energy storage system (BESS) tender under the AlmaGBA program.

How many MW of battery energy storage will be deployed in Buenos Aires?

The initiative aims to deploy 500 MW of battery energy storage systems (BESS) in the Greater Buenos Aires Area (GBA), but the submitted capacity has far exceeded expectations--reaching a combined 1,347 MW

Does Argentina have a battery storage tender?

Argentina has opened a \$500 million battery storage tender aimed at adding 500 MW of new energy storage capacity in the Buenos Aires metropolitan area. The AlmaGBA program, managed by CAMMESA, offers long-term contracts with fixed payments and financial guarantees to attract developers.

What does Argentina's 1.3 GW battery storage tender mean for Latin America?

Argentina's 1.3 GW battery storage tender marks a transformative leap toward grid resilience and clean energy leadership in Latin America.

This week, the Argentinian government opened bids for the AlmaGBA tender, initiated in February 2025 to procure 500 MW of battery energy storage system (BESS) capacity for critical ...

The Argentine Renewable Energy Chamber (CADER) is set to formally update its institutional name to explicitly include energy storage among its strategic priorities. While keeping its ...

Argentina's 1.3 GW battery storage tender marks a transformative leap toward grid resilience and clean energy leadership in Latin America.

Why Argentina's Energy Grid Can't Afford to Ignore Storage You know how people say Argentina's got all that lithium but still struggles with blackouts? Well, here's the kicker: the country's racing to deploy ...

Argentina's ambitious push toward grid modernization through battery energy storage has received an enthusiastic response, with CAMMESA (Compañía Administradora del Mercado ...

# Energy storage deployment in Argentina

Argentina's 500MW "AlmaGBA" Energy Storage Tender: Key Insights for Global BESS Providers June 6, 2025 | LondianESS Energy Insights The Argentinian Ministry of Energy has ...

Energy Storage Summit Latin America brings together developers, investors, utilities and policymakers to explore how storage is advancing system stability, regulation, deployment and new ...

Argentina has opened a \$500 million battery storage tender aimed at adding 500 MW of new energy storage capacity in the Buenos Aires metropolitan area. The AlmaGBA program, ...

Argentina's Energy Secretariat has issued a pivotal international call for proposals aimed at integrating 500 megawatts (MW) of battery energy storage systems (BESS) within the ...

Argentina launches a 500 MW battery storage auction to boost AMBA's energy reliability, supporting a sustainable shift to renewable power and modernizing the energy sector.
