Design of experiments with full factorial design (left), response surface with second-degree polynomial (right)
The design of experiments (DOE), [1] also known as experiment design or experimental ...

A sandwiched membrane of high transparency and conductivity is developed for hole transport and collection. Eventually, a total energy efficiency of about 25.2% is obtained. Such a ...

of the nature of an experiment; tentative: The new program is still in an experimental stage. Show Business functioning as an experiment or used for experimentation: an experimental airplane. based ...

EXPERIMENTAL definition: pertaining to, derived from, or founded on experiment. See examples of experimental used in a sentence.

The meaning of EXPERIMENTAL is of, relating to, or based on experience or experiment. How to use experimental in a sentence.

based on new ideas, forms or methods that are used to find out what effect they have. The school's experimental teaching methods include letting the children decide what to study. The equipment is ...

In this study, an organic Rankine cycle (ORC) system driven by solar evacuated glass tubes named solar water power generation (SWPG) system was experimentally investigated to ...

In this article, performance assessment and comparison of two cascaded SAPH systems have been presented: photovoltaic thermal (PVT) cascaded with flat-plate collector (PVT-FPC) and ...

To convert solar tubes into electricity generators, several processes must be undertaken to harness solar energy effectively. 1. Understand solar thermodynamics, 2. Transform heat into ...

Direct steam generation (DSG) for concentrating solar power (CSP) is an emerging technology that can unlock new avenues for efficient and affordable energy utilisation and expand ...

experimental meaning, definition, what is experimental: used for, relating to, or resulting from...: Learn more.

Cavity-shaped direct solar steam generator employing conical helical tube for high-temperature application: Model development, experimental testing and numerical analysis
