Next to the Guantian reservoir, a peaceful lake at Zhanjiang, there is a PV Power Generation project, equipped with our 210 Vertex 555W series, constructed by Guangdong hydropower.

Guantian village's 384 kilowatt photovoltaic project, which began operations on May 7, is the first photovoltaic project to be completed since Jiangshan decided to become a demonstration ...

The project is located in Guantian reservoir in Suixi County, Zhanjiang, Guangdong, invested and constructed by Guangdong hydropower. This project has...

At the end of 2021, the first phase of a 500-megawatt solar power project was launched in the township. The photovoltaic panels above seawater generate electricity, while the water area ...

Solar panels neatly placed at the rippling Guantian Reservoir give off a serene feel for a photovoltaic power project in Zhanjiang, south China's Guangdong Province.

Guangdong Suixi Guantian Reservoir solar farm is an operating solar photovoltaic (PV) farm in Guantian Reservoir, Suixi, Zhanjiang, Guangdong, China.

Guangdong, one of the major production bases in the world, has planned to add about 20 million kilowatts of photovoltaic power generation capacity in five years, ending in 2025, helping ...

Mine pumped water storage power generation project First pumped storage hydro project to utilise an abandoned gold mine. Integrated and co-located with three renewable power generation projects ...

Integrated and co-located with three renewable power generation projects spanning large-scale solar, pumped storage hydro, and wind energy. Generates, stores and dispatches renewable energy on ...
