Why do customers file a lawsuit against solar companies?

1. Misleading Sales Tactics and Overpromises One of the most significant reasons customers file complaints or lawsuits against solar companies is misleading sales tactics and overpromises made during the sales process.

Why did Tom file a complaint against the solar company?

Feeling deceived, Tom filed a complaint against the solar company, arguing that their representative had misled him into believing all costs would qualify, and considered pursuing legal action to cover the unexpected financial liability.

Why are solar installation delays causing customer dissatisfaction?

Delays in installation, often due to permitting issues or poor project management, are a major source of customer dissatisfaction. Installation delays can disrupt customers' plans, especially if they are expecting immediate savings from their solar system.

Why did a customer complain about a solar agreement?

Confused by the separate roles of the solar and finance companies, the customer filed complaints and left negative reviews, frustrated by the lack of transparency in the agreement and the higher-than-expected monthly costs. How Cleantech Law Partners Can Help:
