Our selection of supercapacitors caters to a range of voltage and wattage needs, to keep South African businesses powered up when traditional energy systems fall short.

We build the Summit Series energy storage modules with our durable and robust hybrid supercapacitors. This flagship product series includes our Patent-Pending electronic control system ...

Welcome to The SuperCap Group -- pioneers in advanced energy storage solutions. We're the proud manufacturers of next-generation Super Capacitor Batteries, built on Lithium Titanate Oxide (LTO) ...

As South Africa seeks to transition to clean energy and reduce its reliance on fossil fuels, widespread energy storage becomes indispensable. The "Top Brand PV Award" is a prestigious ...

As a leading provider of energy storage solutions in Southern Africa, EK SOLAR specializes in customized supercapacitor systems for solar installations and industrial applications.

The SuperCap Group is proud to be the only manufacturer of Lithium Titanate Oxide (LTO) "Supercapacitor" batteries in South Africa --a next-generation energy storage solution built to ...

Perfectly suited to meet the diverse needs of South African consumers, Sinetech's supercapacitors are the ideal choice for storing solar energy, powering electric vehicles, and enhancing the performance of ...

We have 2 different types of energy storage, Li-Ion and Super Capacitors. Super Capacitors installed below for power backup from Solarium Energy.

A high charge and discharge rate with more than 98% round trip efficiency at a 100% depth of discharge make Super Caps the most efficient way to store energy. How do Super Caps work? Unlike batteries, ...

South African energy storage supercapacitor brand

What is a supercapacitor battery? or batteries offer a long life storage solution. Supercapacitors are not chemical based batteries and are manufactured with graphene,energy is stored statically with little to ...
