Who is southern solar electrical?

Southern Solar Electrical specialises in the installation of solar PV systems and EV car chargers. Based in Castlemartyr, Co. Cork and with more than 30 years of electrical experience, we aim to provide an efficient, friendly service. We are fully insured, use quality products and we do not use sub-contractors to carry out our installations

Who is south east solar?

Conor brings this dedication to South East Solar, delivering innovative solutions tailored to each client's needs. About South East Solar Driven by innovation and a passion for renewable energy, we deliver high-quality solar and electrical solutions tailored to your needs, with a commitment to sustainability and excellence.

Who is South East Solar and Storage?

South East Solar and Storage is a local family run Solar installation company that specializes in the survey, installation, and commissioning of small and large scale solar PV installations. They offer a high degree of engineering and installation experience. South East Solar and Storage is not directly related to solar repair, but rather to solar installation. Solar panel systems require very little maintenance or repair.
