Alta Wind Energy Center (AWEC), also known as Mojave Wind Farm, is the third largest onshore wind energy project in the world. The Alta Wind Energy Center is a wind farm located in Tehachapi Pass of the Tehachapi Mountains, in Kern County, California. As of 2022, it is the largest wind farm in the United States, with a combined installed capacity of 1,550 MW (2,080,000 hp). The project, being developed near Tehachapi Pass Wind Farm

The Sylen Offshore Wind Farm constructed by Svea Vind Offshore AB is the largest offshore wind farm in the world with a planned capacity of 8,675 MW. The wind farm is located in the South Bothnian ...

In this article, we will explore the ten largest wind farms in the world, highlighting their capacity, location, and impact.

Explore the top 13 largest wind farms in the world by capacity, with key facts, stats, and global clean energy insights.

The tallest wind turbine is an experimental prototype with a hub height of 185 metres (606 ft), built by Goldwind (China) in Jiangsu, China. It was commissioned on 11 September 2023. The 185 m turbine ...

The Jiuquan Wind Power Base, China, generates power through 7,000 turbines. This makes this the largest wind farm in the world. At peak capacity, this wind farm has the ability to generate an ...

We've looked into the largest of these wind farms, including the recently-announced offshore wind farm that will be built off the coast of Scotland. In this guide, we'll cover how many ...

The SeaTitan 10MW wind turbine was built by AMSC, an American energy technologies company, and is considered one of the tallest wind turbines worldwide. The entire structure is 225 ...

In a stunning display of technological prowess, China has completed the construction of the world's largest

The tallest wind farm

wind turbine, a 607-foot titan capable of producing 26 megawatts of power, further ...

With a capacity to generate 15 megawatts of power, the Vestas V236-15.0 MW is the largest and most powerful wind turbine as of 2025 to have been commercially deployed. It features ...

The Alta Wind Energy Center is a wind farm located in Tehachapi Pass of the Tehachapi Mountains, in Kern County, California. As of 2022, it is the largest wind farm in the United ...
