From the caverns of Teesside and the reservoirs of Scotland to futuristic cryogenic tanks near Manchester, the UK is assembling a flexible, secure and low-carbon energy storage landscape.

In this blog, we'll explore the top 7 battery energy storage system projects in the UK for 2025. We'll look at each project's capacity, project cost, current status, and how it supports the broader shift to clean ...

The project showcases a powerful network that combines rapid EV charging, hybrid battery storage, low carbon heating and smart energy management. The project provides a blueprint for towns and cities ...

By easing grid congestion, batteries allow more renewable energy to reach homes and businesses across the UK. And with AlphaESS's scalable battery energy storage systems, ...

Ofgem has confirmed that 77 LDES projects, totalling 28.7 GW, have passed the first eligibility stage under its new cap and floor scheme. Of these, 71 projects (24.5 GW) are expected to ...

This post investigates the state of the UK battery storage pipeline, year-to-date figures and an insight into the appetite to develop over time. Battery storage is essential for providing the ...

To fully realise the potential of renewable energy, the UK must invest in scalable and diverse storage solutions. These systems will not only stabilise the grid but also reduce reliance on fossil fuel ...

By easing grid congestion, batteries allow more renewable energy to reach homes and businesses across the UK. And with AlphaESS's scalable ...

Ofgem is today (Tuesday 23 September) confirming the 77 projects entering the final assessment stage of a government-driven "super battery" support scheme designed to secure investment, promote ...

Over £32 million government funding has been awarded to UK projects developing cutting-edge

UK energy smart energy storage project

innovative energy storage technologies that can help increase the resilience of the UK"s...

A new era for renewable power and energy security begins today (Tuesday 8 April) as Ofgem launches a new cap and floor investment support scheme, unlocking billions in funding to ...
